

Some extracts of book

1. 25 % problem in formulation of words, grammar , vowel ,verb- forms shall eliminate if we treat :

X	No letter or =2 letters being =ks(<i>akshy</i> /TB).
Because x=axe(<i>akshy</i> /TB) eliminates.	
Qu	1letter (say equal to 'K')
W	2letters =U U
R	Half letter . 'R' being half word so somewhere doubles somewhere not(explained in book).
R/aar =saw-cutting tool cuts divides into2(so half).	

2. Is it co-incidence or author's induction or something else? :

<p><u>Worship place</u>: Church- <i>maszid</i>/Mosque-<i>mandir</i>/Temple(6 letters):Monastery (spoken 6 letters), Dawara(guru/mentor place in Sikhism),Jain, Parsi(fire), Tao call temple so 6 letters, Jews call Synago/gue.</p>
<p><u>Holy Book</u> : The Agama(Jains), Parsi (Zoroastrianism): the Avest, the Bible (Christens), the Geeta(Hindus), the Guru Grnth Sahib(Sikhs), the Kitab(Baha'ism), the Quran(Muslims), Rites Confucianism , Torah(Jews and <i>Siddur</i> is prayer order of prayer) all the epics have 5 letters(epics itself has 5).Is it coincidence, blind imitation, coincidence , writer induction or something else <i>see detail in chapter antonym (incoming book)</i>.</p>

3. Words from *dent*(Sanskrit)=tooth(English) because it *tooth*=breaks.....
4. *Dent*(a Sanskrit word : *dent- manjan* is used for dental powder):dent(in English) is bang and from a *dent*(a tooth) and in dental : AL stands for **Abraham Lincoln** being bad oral hygienic (in Oral also AL stands for **Abraham Lincoln**) : dent(bang) can be caused by **dent**(tooth) : a scar on a hard metal substance as like done by a strong object like by a tooth.Oracura+oral+cure: a company name dealing in oral hygiene. A tooth cleaning stick of *miswalk* is called **dentun** *i.e.* an **herbal**(a lady power/very powerful)-cleaning –stick (of acacia or margosa) in Sanskrit is called *dentun*.
5. Inter-Dental brush:a metal rod with removable thin pin on its top: related to ailment (when there is cavity or gap between teeth and food snares then it is used to remove that food particles) while

for cleaning teeth we use is called **tooth** –brush(tooth because multiple plural words so tooth shall be used singular like three-**day**-meeting).

6. Dissident: dis/opposite+I+dent/strong('ss' for vowel between): oppose the government which is not a strong /healthy decision (action may be bold but not a wise decision).
7. Dissent: dis+sent(vowel between...'sss' can not be): mis-sent: not matching with majority opinion/view.
8. Decent: fine quality : dis/de+cent: which is not worth *cent*/sent/giving (to be kept being good)
9. Dissident from tooth/**dent** but dissent and decent from **sent**.
- 10.
11. Independent**dent**: in+depen+dent: opposite of dependent : strong like tooth and dependence means relying on other strongly.
12. Ardent: passionate(as strong as a tooth): so all words from dent e.g. dental, indenture, dense, ardent etc. derived from this Sanskrit word: for other words derived from dent : *see chapter some interesting... (in coming book)*.
13. Rod**dent**: ro+dent: row teeth : used for animals(like rat, cat etc.) having strong teeth .
14. Trident:tri+dent : a weapon which has three forks as its head connected with a rod like spear/javelin (strong like a tooth).
15. **Dental**: dent(tooth in Sanskrit)+al where al stands for Abraham Lincoln because he had bad oral hygiene (Oral also = or+al= Abraham Lincoln i.e. is it mouth or Abraham Lincoln also o+ral/mix : saliva etc. mix in mouth/oral *see infra*).
16. Dentist : dent+ist(no AL used here): who treats dent/tooth ailment .
17. Student : stu(d)+dent : double tough : a human being in studies .
18. **Dantewada**: a terror area in India(*see chapter name/personification in incoming book*).Dant(a sharp kitchen appliance larger than a knife) hard and strong and cuts like a tooth and *tanda*(an anagram word of *danta* in Hindi) is a strong twisted twine/thread strong like them(tooth :cutter).
19. Evidence: any **dent**/strong material which takes to **eve**/conclusion(**Proof**: takes to roof/ height/end) and **onus** (*nus*=nerve: to reach to pinching nerve/issue: Anus, **sinus** *infra*) .

Idiom : Id+I +om : : a phrase which has different meaning than its literal meaning i.e. combination of ID +om i.e. I am **Id** and **om**(i.e. so good and gives opposite meaning as *Id* and *Om* gives) putting in another words: such a word or phrase which gives expression of *id/eid* but different meaning '*om*' (on interpretation). I look 'Eid/Id' but I am 'Om'.

Luxembourg : a European the richest nation. Its state capital is also Luxembourg city (in southern part) Bourg or nearby word/s= borrowed power from queen that means administrator ultimate power vested with the queen(*burg/in Hindi=like/equal*) and ofcourse both are rich and there is one more stunning resemblance(see chapter some interesting in incoming book) :Lux(mi)+em(am)+broug(powerful/fort: see supra) nation has highest per capita productivity .

Luxury: lux(mi)+u r (y): (in French **Luxe**): aristocratic like Luxmiji(ji is used for respect in Hindi). Luxe-gift-card a company issues : may get encash at many centres(Amer centers). *Luxe* or *Lakshay* (in Sanskrit) is target and Luxmi/wealth is everyone's *luxe/target*. *Lux*(in Sanskrit)target and to get luxmi/wealth is target of everyone. *Lakshay* is the name on an Indian missile (because Lakshay hits its *lakshay/target*).

Some words from Japanese :

Suru=Slow(in Hindi start)

Heiewa=peace(in Hindi air, peace soon flies like in Chinese hap/runs away):Hawaii *supra*.

Aisatsu=greeting(in Hindi slowly), Ishi=doctor(in Hindi god and doctor is treated as **His** representative).

Some Chinese words(underlined):

Chinese say *hap*(happing) to **peace** (being short stayed: in Japanese *haiwa*/flies soon) and *piece/peace*(in Hindi)=grind (**peace** is get by *piece/ grinding/* after hard work and has to joint piece by piece/ little by little).Pisu(in Japanese)=piece. Peace in Portuguese Paz(not continuous process).

Word	Language	Explanation
Bonjour	French	Day journey may go strong like bone: Also in Creole(spoken in some of African nations being Creoles migrated black people : see <i>infra</i> at crow),also Catalan (Italy, Spain and adjoining nations to France) 'dia' is added with bon i.e. boon blessing <i>dia/given</i> .In Portugal same is said ' <i>Bom dia</i> '.

Namestay	Hindi	It stay cool/soft .
Bore Da	Wales (a UK nation)	<i>Bore</i> (in Hindi) morning: da perhaps for day i.e. your morning /day be good.
Good morning / Hi/ hello	in most English nations	Morning from <i>more/</i> peacock: more +innings Hi(in Hindi): groaning : attention seeking. Hello: hell+o: greetings may go to long distant(hell s believed at the remotest place: at the end): hell from hill/move and high.
In Sweden: God/good morgon.		
Salamut Pagi	Indonesia	Like shalom and <i>salam/ slaom: Pagi</i> means you get/got: be good(because after sleep a kind of rebirth so <i>pagi/got</i> life).
<p>Salamat : salam+at: thank you in Philippines's language(Filipino)i.e. I salute you/thank you (and <u><i>salamat</i></u> in Arabian language : be intact/ without harm/ be happy).</p> <p>Salamat tengah Hari: good after noon(Hari=God Sun shining).</p> <p>Salamat petang : good evening : <i>petang</i>=kite: day went high in sky as a <i>petang</i>/kite goes so good wishes/ greetings for evening.</p>
